Winter reminders: no parking on streets during snow removal. Cars will be ticketed. Snow and ice should be removed from sidewalks within 24 hours from the time it ceases to accumulate. If ice has accumulated and cannot be removed keep the sidewalk sprinkled with sand and/or salt to permit safe travel.

If you have a fire hydrant in front of your property please consider keeping it clear of snow. In an emergency every second counts! It's recommended to clear three feet around the hydrant for easy access. Consider helping out elderly friends and neighbors to keep hydrants clear of snow. Also remember to not park on the streets during snow removal, not only does it help with snow removal but if two cars are parked across from each other emergency vehicles may have trouble getting through.
