### **33<sup>RD</sup> CHRISTMAS CITY CELEBRATION, SUNDAY, DECEMBER 7<sup>TH</sup>.**

**Trash Collection this week for Wyoming** will be on Friday, the 27<sup>th</sup>, due to the holiday.

**Christmas Lights will go on Wednesday night** after a full weekend of preparation. Saturday's work was getting blue boards and lights for both ends lifted into place. Boards for the Main block were also installed. Supplies and lights for Sunday were moved from storage and loaded on trailers. This part of the project involved 5 workers and took about 3 hours.

Work started Sunday morning at 8:00 with 22 helpers ready to work. The lines were all laid out on the street and the bulbs were screwed in. Red, yellow, blue, and green down the sides and red and green for the spyders. A major part of this work was the lifting of the 6 spyders. Each spyder has 4 legs and each requires at least 3-4 people to lift and carry it into position on the street. There it is raised almost 30 feet by one person riding in the forklift tower. After the spyders were up and the side lines hung, workers finished setting up trees and putting lights on them. All this in under 3 hours.

In addition to our local help, we had volunteers from Coralville, Bellevue, and Wisconsin. Meredith (7) was the youngest and Dick (not 7) was the oldest. Thanks to all of our volunteers, Tim Oberbreckling for use of his lift, and to Nutrien for use of their forklifts. Also, thanks to Mother Nature for good weather both days.

**The Christmas City Celebration Christmas Tree Walk at Calkins is back** and you can be a part of it. See the attached flyer or contact Stacy Agnitsch for more information.

**Yearend Donation List:** Attached is a list of local organizations that could use your support. Your contributions show your support and appreciation for the work and services they do.

#### **Library reinstating restrictions**

The Wyoming Public Library announced they are moving back the library to phase two of the COVID plan due to the high numbers as well as the holidays coming up.

Library will begin to be open to the public by appointment only for book check out from half an hour after opening till half an hour before closing.

Computers will be available by appointment only and limited to 45 minutes daily. Due to social distancing, only one computer will be available at a time. Time slots will be given by the hour to allow proper sanitizing between patrons.

Staff will be available to help make copies and send taxes. Public restrooms are not available and the backroom is not available to the public.

*NOTE: Due to COVID, Midland Schools closed on March 16, 2020 and remained closed for the remainder of the academic year. Online learning was put in place in the fall.*

Mabel Morse, Wyoming, has had extremely good luck with her gardening this year. She was in the process of pulling her carrots last week, and she came upon one that was hard to pull. She went after her fork, and tried to dig it up using that. Her efforts proved in vain, so she went and got her spade – this time she got the carrot out of the ground. Much to her surprise, out of the ground came a carrot larger than any she had ever seen. The carrot weighed 4 pounds, and measured 11 inches long and 12 inches around at the top. Mabel said, "In all my years of gardening, I have never had any thing reach these proportions in my garden. I have never seen any thing like it."

#### **PAUL PEALER WINS THE BIG SACK OF FLOUR**

The Omar Wonder flour contest given by C. H. Hanold, came to a close Saturday evening. A large number of guesses were registered. The big sack of flour weighed 267 1/4 pounds. Paul Pealer, son of Mr. and Mrs. F. L. Pealer, guessed within two ounces of the correct weight. Smith James, Carl Westphal and Ed Pealer tied on second prize, while L. F. Bramer won third prize. The guesses ranged from 75 pounds to 925 pounds. The contest caused quite a bit of excitement and much speculation.

*NOTE: First prize was the big sack of flour; second prize was a 49 pound sack; and third was a 24 1/4 pound sack. C. H. Hanold owned a business named The Corner Store.*

#### **SCHOOL NOTES.**

At last! The basketball teams have both begun practice! After a few words from the girl's coach, Mrs. Grant, we are convinced that we shall have a regular team this year. Our girls are out to win. Watch out! The boys are doing good work, too. Thirteen out to practice one night. Two games are scheduled already: Stanwood, December 5, (there) double header). Mechanicsville, December 11th (here).

Our girls have ordered regulation sweaters: maroon with white trim. They are very chick. Wait until you see them.

*NOTE: Girls basketball has been in Wyoming for a long time. In 1906 the Wyoming basketball girls had an ice cream social which raised \$9.85 and was used to purchase a new basketball.*

*According to the PBS documentary **More Than a Game: 6-on-6 Basketball in Iowa**. "In most rural schools, nearly all girls went out for basketball regardless of their talent, partly because people adored six-on-six, but also because it was the only game in town or on the farm, for that matter. For decades basketball was the lone sport offered to young women in small schools."*

### **The Wyoming Journal: November 25, 1875 – Page 1**

The state census for 1875 gives to Monticello a population of 1567: to Wyoming, 1814: Anamosa 1601. This shows a good healthy gain for Monticello and Wyoming, but for Anamosa it shows a heavy loss – say nothing about those that have recently run away from the penitentiary. – *Monticello Liberal*.

*NOTE: The 2020 census showed Jones County had 20,646 people and was the 31<sup>st</sup> largest county in the state. Wyoming had a population of 523, Monticello 4040, and Anamosa 5450.*

I would like to thank Kylie Lafella for asking me to speak to you today.

What does Veteran's Day mean to me? General Douglas MacArthur gave a speech at West Point in 1962, with 3 words that explain what it means to me: Duty, Honor, Country. Can I get a show-of-hands of who knows who General Douglas MacArthur is?

These 3 words may be small, but their importance goes beyond their size. Let me explain what each word means to me:

Duty - Many people, like me, understood duty as serving our country or community in ways like joining our military, being a police officer, EMT, Firefighter, or teacher. Our fellow citizens serving in these positions are an important part of our communities, by keeping us safe, teaching us and helping when needed.

Honor – We show honor by respecting our communities and taking pride in them. We also show honor by doing the right thing, no matter how hard it is, while in service of our country or community.

Country – Our country needs all of us, doing what we can, to make the best country and community possible.

I believe that being a veteran, my service changed me, and the difference has made me feel more pride and honor in whatever community I was in. I have served communities from Wyoming, Iowa to Afghanistan. From being a soldier serving overseas to now serving the community as the Mayor of Wyoming, being a member of the Wyoming American Legion, Wyoming Fair Board, and Lions Club, and continuing to volunteer whenever asked. This is how I fulfill my duty to serve my country and community today.

As you can see, service to others is very important to me. I have always respected those before me that lead me down this path. And I ask that you do not forget those serving in our communities. These individuals volunteer their time to keep our cities vibrant. Most times it is a thankless job, but they love what they do to keep our communities thriving.

So, what can you do as a student or future graduate to support veterans, our country and the community? Do not forget about the sacrifices that I and other veterans have made to make this country great. And join different organizations that are supporting our community.

We have so many local committees and organizations that need members. They are getting to the point they cannot do some of their events, because the majority of the committee or organization members are young at heart and just can't do

them anymore. They are hoping the younger generations will step up and start being part of the community. Lend a helping hand to not only the older generations, but also to the community. It may seem like a lot of work, which sometimes it is. But it is amazing to see the difference you can make in the community. And getting to know your neighbors: priceless.

It makes me proud to be a part of the American legion and help put on programs like this for Veterans Day or for Memorial Day. It is important to show honor and respect for the fallen service members, or to help at a Veteran's funeral to help remember his or her service and support of this country.

I look across the faces of the students here and wonder if any of you will follow in the footsteps of our veterans and serve this great country in uniform. It takes young men and women to keep up the work that others started almost 250 years ago and keep this country great and protect the ideas of the founding fathers.

Thank you for your time and GOD Bless America.

# Behavioral Health System Navigation

**System Navigation** is a non-crisis, but time-sensitive response service that helps individuals and those supporting them — their family members, caregivers, professionals, and community members — understand, access, and connect with behavioral health supports and services across Iowa.

Behavioral Health System Navigation does not provide clinical assessment, treatment, medication prescriptions or counseling services. Instead, it helps people better understand their options and get connected to what they need.

Support is provided by System Navigators – trained and experienced peer support specialists, community health workers and behavioral health professionals. They bridge barriers to care by connecting community partners, health care professionals and the individuals they serve with:

- Confidential support.
- Information and education.
- Referrals to mental health and substance use providers.
- Assistance in finding psychiatric beds, if needed.

## Who can benefit from System Navigation services?

- **Individuals who seek services for themselves.**
- **Partnering providers**, such as disability access points (DAPs), social workers, law enforcement, correctional facilities, health care providers, crisis service workers, educators and schools, and others who seek assistance for people they serve.
- **Family members, caregivers, or friends** who seek services for a loved one. *(Adults or guardians must request this service on behalf of a child or adolescent.)*

## Behavioral Health System Navigation connects Iowans to services that address:

- Mental health concerns.
- Substance use disorders and recovery services.
- Gambling concerns.
- Addictive disorders

System Navigation addresses financial, housing, social or employment concerns. The service also ensures access to support for rural Iowans and populations with limited access to healthcare.

## Who is eligible and how much does it cost?

System Navigation services are **free of charge**. There are no insurance requirements.

**Starting July 1, Community Partners can contact System Navigators directly. Call (515) 505-8988.**

*(continued)*

# How do Community Partners and Providers access Behavioral Health System Navigation?

**Starting July 1, Community Partners and Providers can call (515) 505-8988 to coordinate directly with Iowa Primary Care Association's Behavioral Health System Navigators.**

**Iowans seeking assistance can call Your Life Iowa at 855-581-8111.**

Iowans seeking assistance will be connected with a System Navigator via warm hand-off during business hours.

**Monday-Friday, 8 a.m.-4:30 p.m.**

All calls will be returned within 24 business hours.

All callers will be connected with a System Navigator within one business day. *Immediate crises or medical emergencies should be directed to 911 or 988 (the National Suicide Prevention & Crisis Lifeline).*

Community Partners and/or the people they serve can meet with a System Navigator via a phone call or through online support. *Community Partners will be notified when in-person System Navigation services are available.*

The System Navigator will help all participants explore options and overcome barriers to care. They can also help find beds for individuals who need inpatient psychiatric care or community-based crisis care.

Throughout the process, the System Navigator will offer support and connection, providing “warm hand-offs” to providers and services.

You may continue to reach out to your System Navigator as needed, and they will follow up to ensure individuals received the support they needed.

**“Keeping Children Safe is Everyone’s Business”**

Press Release  
November 18<sup>th</sup>, 2025

**9th Annual Shop with A Cop**

The Jones County Family Council is preparing for the 9<sup>th</sup> Annual Shop with a Cop event.

On Monday, December 8<sup>th</sup>, 2025 and Monday, December 15<sup>th</sup>, 2025, middle school students throughout Jones County will have the opportunity to scour the aisles of Wal-Mart in Anamosa to shop for the holidays alongside a friendly law enforcement officer. The children will be shopping for gifts for their immediate family members and loved ones.

With the goal of serving 60 kids, Sherri Hunt, a member of the Family Council, said they reached their goal in 2024 thanks to the generous support of many different organization and individuals. Each child received a \$125 gift card to spend, all of which was supported through donations and grants. Hunt is hoping to again hit that 60 child participation mark.

“I think the event represents the true spirit of the holiday season by teaching our children to give and be kind. And it’s so much fun with such wonderful law enforcement officers and volunteers. It’s a true community effort,” she said.

Local law enforcement agencies, Jones County middle schools, Wal-Mart, and the Anamosa State Penitentiary are all on board to participate again this year. “Everyone has such a great time with this event and are eager to participate and help out where needed. They are willing to do whatever it takes to make this a safe and fun event for our kiddos.” Hunt said.

The Jones County Family Council is all about preventing child abuse and protecting children. By partnering with several law enforcement agencies, Hunt said the council wants these middle schoolers to know that these officials are good people and someone they can turn to in time of need. “Building that relationship is so important,” she said.

Hunt shared that the penitentiary graciously holds its own internal fundraiser and last year was able to raise almost \$3,000. Combined with grants from DuTrac, Jones County We Can Make A Difference Employee organization, St. Matthew’s Lutheran Church in Monticello, O’Reilly Auto Parts, and Wal-Mart as well as various private donations, over \$9,000 was raised to support the participating children in 2024.

Shop with a Cop serves 5<sup>th</sup> through 8<sup>th</sup> graders in the Anamosa, Midland, Monticello, and Olin School Districts. Hunt works closely with school counselors to help identify students.

“It’s all about sharing the joy,” Hunt said. “We want the kids to feel important and experience the joy of giving so maybe someday they’ll be inspired to give back in their community.”

The Jones County Family Council is still seeking donations to help fulfill their goal of serving 60 plus youth for the event. Donations can be dropped at both the Anamosa and Monticello Police Departments, the Jones County Sheriff’s office, or mailed to the Jones County Family Council, PO Box 472, Anamosa, IA 52205. You can also contact the Family Council, Hunt at [sherri.hunt@jonescountyiowa.gov](mailto:sherri.hunt@jonescountyiowa.gov), 319-551-3402 for more information.
