The City of Wyoming will be flushing hydrants on October 14<sup>th</sup> and 15<sup>th</sup>, weather permitting. Customers may experience rust in the system due to the process, caution should be taken when doing laundry to prevent stains. If you do experience discoloration you need to run your water until it is clear. Remember to check the hot water. This water is safe. Low water pressure may be experienced, you should leave your faucets off until pressure is restored. Customers with a water softener should by-pass them during the day to prevent any problems. Thank you for your cooperation.
