### Winter Reminder for Wyoming Residents

Vehicles shall not be parked on streets during snow removal. Tickets will be issued and vehicles may be towed.

City snowplows will not clear private driveways or private property, such as parking lots, except in an emergency.

The removal of snow placed in a driveway or on sidewalks by snowplows is the responsibility of the property owner.

During periods of heavy snowfall accumulations, there may be times when City equipment cannot physically place all the snow from the curb line onto the City right-of-way. It is the responsibility of the resident to remove snow and ice accumulations from the approach and exits to mailboxes to allow the mail carrier to deliver mail safely and efficiently.

It is a violation to cause snow and ice from private property to be placed onto the street. Removal of snow and ice from sidewalks shall be done promptly.
