On September 6, 2017, the Iowa State Board of Pharmacy Chapter 13, established rules to provide standards for the provision of pharmaceutical services to patients through the use of audio-visual technologies. This allows telepharmacy to provide pharmaceutical services to patients in rural communities without having to travel for these services.

In Wyoming, we have 3 verifying pharmacists every day, at 3 different remote sites in Anamosa, Dyersville, and Guttenberg, to oversee the technicians dispensing process.

We are preferred providers on many Med D Plans including Mutual of Omaha, Silver Script Choice, WellCare Value Script, Journey RX, Medicare Blue RX & Premier, Express Scripts Medicare, WellCare Classic, Envision RX Plus and others. We have a complete inventory of medication, receive daily delivery service from our wholesaler, and can special order in any items you may like.

We would like to hear from you on how we are doing.

1. Are you currently a patient in our pharmacy? If not, what can we do to gain your service?
2. Our current hours are Monday-Friday 10am-4:30pm. Are those hours convenient for you as a future patient? If not, what would be your suggestion?

Email your responses to cdirks@nightingaledrug.com or cchalstrom@nightingaledrug.com or you can stop in and drop off in our survey box for the pharmacist to review. You may also mail your responses to us at: The Prescription Shoppe, PO Box 304, Wyoming, IA 52362.

We appreciate your business and support!
